DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Dixon (US 5218610).

Dixon discloses a method of operating a laser that includes;
isolating a fiber laser (col. 9, lines 10-23) from an external environment by wrapping said fiber onto a spool; and
operating the laser while said fiber remains on the said spool (col. 9, lines 1-23).
